

CLASSROOM PLUS

Sutter Park PTA is supporting a new partnership with our classrooms this year. We will be providing additional enrichment and learning activities that support our current curriculum. These PLUS activities will help our students explore learning objectives in a deeper, creative, hands-on way. We are asking for family and community members to volunteer in three possible ways: sharing their skills, scheduling additional learning opportunities for our school, or volunteering with classrooms.

If you or other interested family members would like to be contacted for additional opportunities through-out the school year, please fill out the form and return to school. Mandy Jones, PTA VP for Programs, vp1@sutterparkpta.org, is the program coordinator and will provide specific information to volunteers.
